EP6 ERR Changes

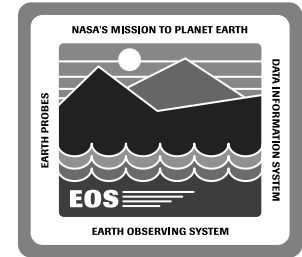

Ignore slide 11

Replace slide 10 with 10A

Replace slide 24 with 24A

Replace slide 25 with 25A

Evaluation Readiness Status

Non Conformance Report (NCR) Status

Status 12/04: NONE

Status 12/05:

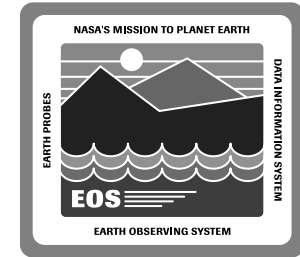

Complete NCR summary in D. Warr presentation

EP6 Client Installation

EP6 Clients on DAAC liaison workstations ready (except at searider@jpl)

Clients installation at Tirekickers in Progress

NCR Status

Unresolved Problems

| | |
|------------|----|
| Severity 1 | 00 |
| Severity 2 | 00 |
| Severity 3 | 20 |
| Severity 5 | 00 |

| | |
|--------------|-----------|
| TOTAL | 20 |
|--------------|-----------|

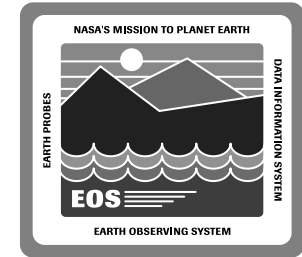

*severity 4 not used

***This slide represents the total unresolved problems and the new problems found during the post ERR-1 and pre ERR-2.**

Currently there are 51 severity 5's that have been resolved thru documentation but have not been closed out until I&T verifies the official document.

| NCR No. | Severity | State | Platform | Description/Status |
|---------|----------|--------|----------|--|
| 269 | 1 | closed | all | Multiple clicks on Submit buttons lead to crash in ESST |
| 271 | 1 | closed | all | Unable to submit Trouble Tickets in operational environment |
| 260 | 2 | closed | all | ESST leaves processes running when closed from the window button |
| 267 | 2 | closed | all | Product Order close button causes ESST to hang. |
| 268 | 2 | closed | all | ESST crashes when too many granules are returned to Search Results |
| 273 | 2 | closed | all | Permissions on eosview.script need to be changed |
| 275 | 2 | closed | all | FTP transfers are not explicitly set to binary mode |

NCR Status (Con't)

* The following is an update to the problems found during the post CSR and pre-ERR period

| NCR No. | Severity | State | Platform | Description/Status |
|---------|----------|--------|----------|--|
| 190 | 1 | closed | HP | No HP client available for ESST. Code will not compile in CM. |
| 256 | 2 | closed | sun | ESST crashes when resizing column widths in search results window |
| 257 | 2 | closed | sun | ESST crashes when multiple Adds and Deletes are performed |
| 255 | 2 | closed | sun | HELP option on User Preference Tool does not work |
| 253 | 2 | closed | sun | ESST hangs when consecutive browse operations are performed |
| 258 | 3 | open | sun | ESST search results and Product Request Tool scroll bars do not scroll |
| 254 | 3 | open | sun | No busy indicators in search results window |
